

# ECO-ROLLA

**NO TOOLS! NO TRAINING! NO FUSS!**

Lightweight, well engineered the Eco rolla is a stylish roll-up display that only takes seconds to pull up.

Simply take the tough cassette out of its carry bag and pull it up. You're in business.

When you have finished let the graphics slide back into the spring loaded cassette.

It's anodised aluminum body has a fold out leg making it very portable but stable in use.

Economically priced the Eco-Rolla is ideal for large volume point of sale applications.

It weighs less than 5 kilograms and is accepted as carry-on luggage by airlines.
